What our clients say

Emily Heidinger

I took my kitten to Brandon Hills Veterinary Clinic for all his first shots and checkups, and they were fantastic. The staff were super kind and made everything really easy. Their prices were reasonable, which I really appreciated. They took great care of my kitten and always called with reminders and updates. I'd definitely recommend them!

Donna S

Brandon Hills Vet always take very good care with my dog. He is anxious and can be difficult in the exam room but the staff at Brandon Hills have endless patience and do their best to reduce stress for my dog.

Stacey Terry

Everyone on staff has been so warm and wonderful to me over the years. I had a diabetic kitty (with other health issues), Cash, who was my sole companion and required frequent care and supplies. I always felt we were superbly cared for, especially the heart shattering day Cash had to cross the rainbow bridge (and Carol gave me a hug that still to this day is a gift of light when I my heart was completely in the dark). I am now taking my new "family", 2 rescue kittens, to Brandon Hills Vet Clinic and again appreciating the friendly help, expert guidance and warm care I always find among these great vets, techs, and staff.
