STANDOUT RVT SUPPORT

Meet MFAH

Hear it from our team:

Do you value a calm, casual, and collaborative environment where job responsibilities are shared between RVTs and DVMs?

At MFAH, everyone is given the chance to develop new skills and feel confident in caring for patients. We also cover each other so we can all have the time off we need to recharge.

Our close-knit team comes from a merger of 3 long-standing community practices. We have deep roots in the city, with clients and a knowledge base that spans across decades.

As for the location itself, Kingston offers a fantastic backdrop for work and life, with its rich history, vibrant downtown events, and amazing outdoor activities. Whether you prefer urban fun or natural views, Kingston has it all– so if you're experienced, adaptable in offering multiple ways to treat a patient, and love surgery, this small but mighty team would love to welcome you.

“At MFHA, we share job responsibilities equally. We also enjoy getting together for team events on down time including all-you-can-eat sushi lunches and artistic pottery painting!”

What our clients say

Jacqueline Carl

The staff at McEwen-Frontenac Animal Hospital always have taken excellent care of my cat, Jasper. They always make Jasper and me feel very comfortable and at ease. I would highly recommend them.

Jamie McGarvey

They were able to see me quickly when I needed it. The facility is always clean and the staff are knowledgeable. On site lab work means results are received faster and offers a great deal of peace of mind. The staff is friendly and supportive.

Marnie Dahl

Recently had an "urgent" visit for Winston. He was seen quickly & very thoroughly assessed! Diagnosis: Kennel cough! Some medications prescribed & we were quickly on our way. But...not before he received lots of attention & TLC! ❤️
Staff are always so kind! Winston loves them all!
