

WELLAND ANIMAL HOSPITAL

WHERE YOUR CALLING MEETS
QUALITY MENTORSHIP

Meet WAH

Imagine a place where you can practice veterinary medicine at a high level, be part of a tight-knit team that truly supports each other, and live in one of Ontario's most charming and peaceful communities. At WAH, we offer all of this and more.

Our hospital prioritizes mentorship and offers in-house lab services, so you can focus on diagnosing and treating your patients without delays.

We also know how important a positive work environment is, so we make time for team-building activities like lunches, trivia, fundraising, and snuggles from our practice pups to lift everyone's spirits.

Living in Welland is the perfect complement to working here. This charming city offers affordable housing, a relaxed pace of life, and beautiful parks and trails for outdoor adventures. Plus, you're just a short drive away from the world-famous Niagara Falls and vibrant neighboring cities. It's the best of both worlds—peaceful, small-town living with easy access to the amenities of downtown.

Hear it from our RVTs:

"It is a great learning environment for a DVM with 1 -2 years of experience. Current DVMs provide excellent care and are willing to mentor.

–Khris Carlo, RVT & Practice Manager

What our clients say

Denise Rowe Guerette

Friday, August 2nd, 2024, I took Gracie to her Dr. as she had just been released from the Vet Emergency Hospital, and I wanted her Dr. to take a look at her before the long weekend. They made room for us and gave her a good look, including a shot to prevent vomiting as well as probiotics and specialty food for her gastric infection and showed so much love. You are all a great team, and it's clear to see how much love you have for our pets. Thank you
